We went to Cades Cove today. We saw James' Oliver's house which had two rooms, an upstairs & downstairs each about 10'x10'.  
Later we went in a cave. It wasn't commercial, and had about 50 brown bats about 1 inch long in it. It also had stalactites and stalagmites everywhere.  
We ~~saw~~ saw a skunk about 10' from

us % later that night.

ride a trail we found at day 70 we went by  
night till we listened it's a number of  
mammals do here our in more or less  
order we ate around much time we found  
out down a cow also we found in the  
extinct white

Put up hide & as we went we taking  
the road to Ruby about were we took  
the old glen road but it was trash we had  
no horses small & to many other without  
any power full horseback I had our telegram and  
from get to minutes 20 we took to that  
looked around get to hours 2 & we took to  
where we set down and we took to

and we got good sleep at Para old  
we soon out but late and early  
old trail down into trash & water  
then we were in the old road  
and road of trail but for hours  
but into the trail and trail trash  
around at last but still had  
most of the time and we still W
